

ASSISTANT TO PROJECT MANAGER - SANITATION ENGINEER

For the planning and implementation of a drinking water and wastewater infrastructure project in urban water engineering Georgia (drinking water network, sewerage system, surface water treatment, well field, wastewater pumping stations, wastewater treatment plant for the greater area of the city of Batumi - approx. 200,000 inhabitants) we are looking for a committed graduate with a good command of English and sound specialist knowledge in urban water engineering.

YOUR CHALLENGE:

- Organisational, administrative and technical support of the project management
- Coordination of technical planners and experts
- Quality control of technical inputs
- Willingness to travel and on-site stays of up to 3 weeks

YOUR PROFILE:

- Expertise in urban hydraulic engineering - ideally graduates BOKU or Technical University.
- Good computer skills, basic knowledge of ACAD and GIS would be an advantage
- Willingness to travel and to stay on site for up to 3 weeks
- Good written and spoken English
- Interest in working with other cultures

WHAT WE OFFER:

- A guided entry into the world of international consulting
- Exciting sanitation projects in different cultures
- Unusual professional challenges, from reconstruction in Ukraine to faecal sludge management in Africa
- The possibility of a long-term employment as an international expert or project manager in our company.
- Flexible working hours
- A friendly office atmosphere with a flat hierarchy and where not everything revolves around work.

Place of employment is Innsbruck, Austria, an Austrian work permit is required.

Remuneration significantly above the minimum salary of the Collective Agreement for Techn. Büro "Group III – without experience" of EUR 30.509,- gross/year depending on qualification and work experience, in addition to further benefits.

If you are interested in this job, please send us your application documents with CV, and documents showing which lectures or exercises in urban water engineering you have completed.
